

## **Ken Meiser**

### **Vice President, Identity Solutions**

Ken Meiser is ID Analytics' VP of Identity Solutions. He has 20 years experience in designing and implementing risk mitigation, compliance and authentication services and products at Cortera, LexisNexis, ChoicePoint and the National Council on Compensation Insurance. Meiser oversaw the implementation of Identity and Age verification for several Fortune 500 consumer products and financial services firms and architected specialty applications to support federal agencies. He has provided expert testimony to state and federal regulators on the best practices in identity risk and the use of public records and private consumer data. He is a graduate of Florida Atlantic University and served eight years in the U.S. Air Force.
